RE: DIRECT DELIVERY PARAMETERS – Minimum Order Size – MBLL Distributed Products

To ensure the successful delivery of rural shipments to approved Liquor Vendors for MBLL distributed items, it is necessary to adhere to a minimum order requirement of 6 cases. This requirement is outlined in the attached direct delivery criteria.

Please be advised that any MBLL orders placed **below** the minimum threshold of 6 cases **will be cancelled.**

As you continue to place orders through CSS, take note of the Case Qty and Distributor fields, that indicate the number of cases requested and the specific distributor, respectively, to meet the minimum requirements.

To illustrate, the following example demonstrates how the minimum requirement of 6 cases for MBLL should be entered to facilitate direct delivery:

Item Number	Order Quantity	Product Description	Package Size	Unit Price	Extended Price	Distributor	Case Qty	Units per Case
34271		72 MIKES HARD BLUE FRZE 473C	473 ml x 24	3.52	253.53	MANITOBA LIQUOR AND LOTT...	3	24
