RE: **ATLAS System Outage effective February 8 – 11, 2019**

Manitoba Liquor & Lotteries is preparing to upgrade our JD Edwards computer system, which is used to order liquor products and set up items for pricing and sale. This upgrade will ensure our systems remain current and supported, and allow us to improve our processes for future growth.

To complete the upgrade, a system outage is scheduled to occur:

Friday, February 8 at 1:00 PM until Monday, February 11 at 6:00 AM

Liquor & Lotteries will not process privately-distributed beer orders during the outage. You may be affected as follows:

- Privately distributed beer orders received after 1:00 PM on Friday, February 8 will be transmitted to the applicable beer distributor on Monday, February 11.
- ATLAS will be available, but orders will not be processed during the outage.
- You will not receive any order acknowledgements for orders placed during the outage.

If you have any questions about the coming outage or what you should expect, please contact:
